MAKE IT WORK

A space for everyone

Colony is open to all industries and that is what a real community is about. From not-for-profit organisations to web developers, Colony is what you make of it. We are not in the habit of being industry-ists.

A workspace; a headspace, your own space. Make Colony work for you, whether you are after one desk or fifty, undoubtedly, we will have an option that is right for you. Colony is a space to let your business progress and that's why we carefully select, independently design and mindfully manage all of our locations.

We love what we do and we love to see our members flourish in our favourite city. Flexibility and networking is at the heart of what we do in Manchester. That's why almost half of our Colony members upgrade their space as their business grows.

We are not space invaders, close the door to concentrate, open the partition curtains, or get involved in our community events, Colony is a space for everyone.

There is a reason why we call these bustling areas our home. We carefully select our distinctive locations. Colony is not only a place to work but a lifestyle. Your day is made better by having unrivalled independent restaurants, bars and shops on your doorstep. It is no wonder the neighbourhood has been associated with hipster happenings.

We're proud to have partnered with some of the best restaurant, bars and shops in the area, offering exclusive discounts to Colony members with our Colony Card.

Make an impression; new and old employees, and clients alike by not only choosing a unique space but also a unique neighbourhood.
